Own a Pumping Solution with FSA Vendor Pricing for the Cost of Renting One.

This year's Hurricane Season is going to be highly-active, wet and costly - Are you prepared? The Primerite™ CT-series is offered to all municipal and Florida Sheriff's Association members with locked-in pricing and customizable packages to suit any need.

The CT-series self-priming trash pump provides peace-of-mind due to its versatility. This compact, mobile pump can be stored easily yet brought to a site and working in minutes. The Primerite™ can be used for anything from construction dewatering, to sewage bypass and flood control. Its low fuel consumption enables it to run dry all day long for up to 3 days⁽¹⁾. With flows up to 160' TDH and 2300 GPM⁽²⁾, this pump can move wastewater backups and standing stormwater containing solids up to 3" with little maintenance required. For sensitive neighborhoods, MWI's sound-enclosure provides quiet operation as low as 67 dBA.

FLOOD & STANDING WATER REMOVAL

Parking Lots
Residences / HOAs
Golf Courses
Commercial / Hotels
Low-Laying Areas
